

ALCOHOL POLICY

All climbing and bouldering activities have a risk of serious injury or death. Climbing after consuming alcohol severely increases this risk and is strictly prohibited!

Alcohol is served on our café to foster the creation of a local community and allow people a well-deserved break after climbing activities. If consuming alcohol, please respect these simple rules:

1. Strictly no climbing, supervising, or gym use after the consumption of any alcohol, whether purchased or consumed at our premises or elsewhere
2. No alcohol is served to anyone under the age of 18, and if you are lucky enough to look under 25, you will be asked for an ID
3. Alcohol consumption is strictly allowed in the Café
4. This is a centre for all our community including children, please behave accordingly and drink moderately

What Rhino Boulder does to ensure the rules are followed:

1. All visitors must complete our registration process before using the facilities. We have included our Alcohol rules in the registration documents so all centre users will have signed to confirm compliance to these rules
2. Our induction video contains guidance on these rules
3. We have signage at the point of sale to remind you of these rules
4. Whenever you purchase an alcoholic beverage in our café, we will mark the back of your hand as a sign we can monitor
5. We conduct regular floor walks during which our staff will monitor for any alcohol marks (on the back of the hand), or any other visible signs of intoxication or inappropriate behaviour
6. We will keep a log of all incidents relating to alcohol consumption and take action to address them. This log will also include any customer feedback that you are encouraged to provide us with

Thank you for your cooperation in ensuring these important rules are followed. Remember, these rules are there for your safety and the safety of your fellow gym users.

If any person is found breaking these rules they will be asked to leave and may be banned!
